

# NURSING '92

Digitized by the Internet Archive  
in 2018 with funding from  
University of Toronto

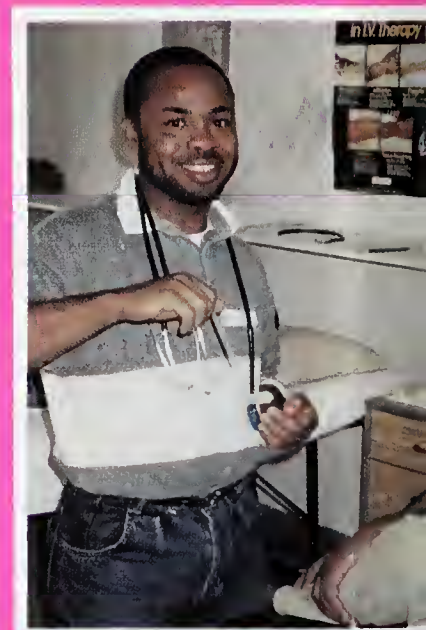

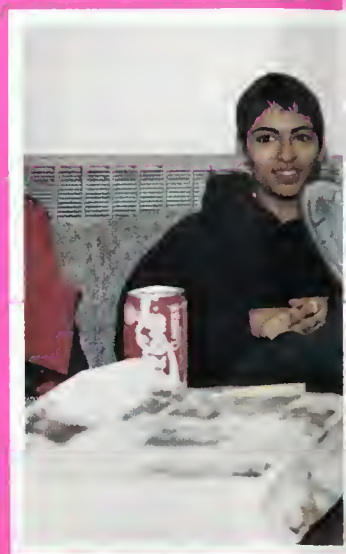

<https://archive.org/details/varsitynurse1992toro>

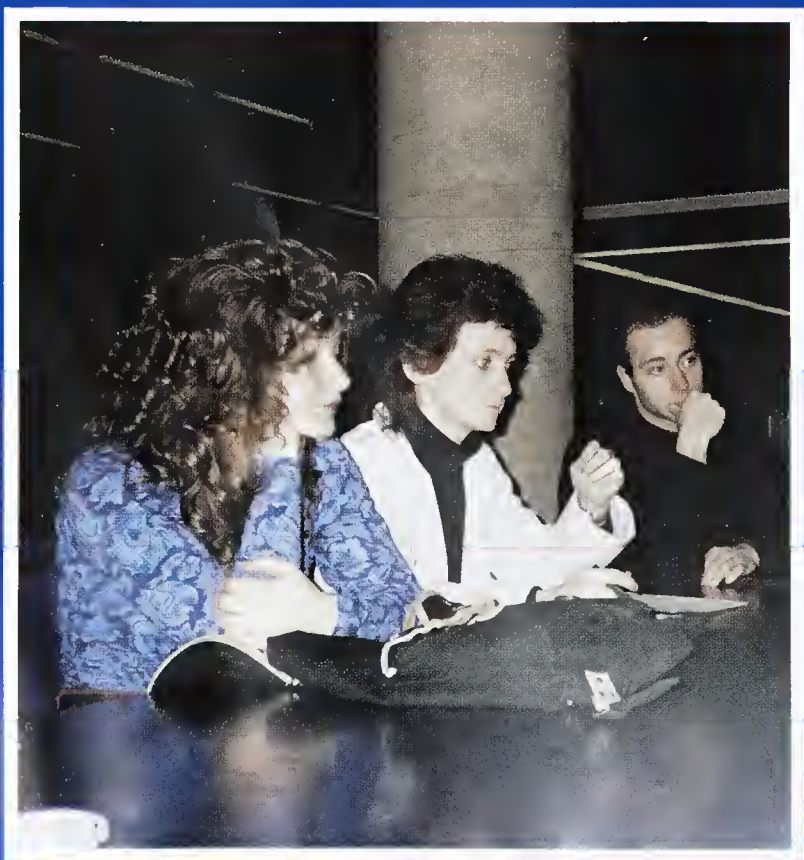

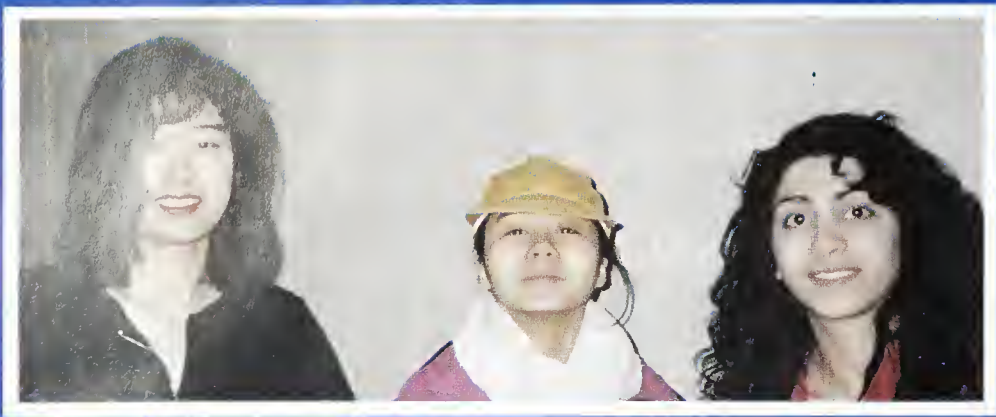

YOU DO NOT HAVE TO BE YOUR MOTHER OR FATHER unless she/he is who you want to be. You do not have to be your mother's mother, or your mother's mother's mother, or even your grandmother's mother on your father's side. You may inherit their chins or their hips or their eyes, but you are not destined to become the women or men who came before you, you are not destined to live their lives. So if you inherit something, inherit their strength. If you inherit something, inherit their resilience. Because the only person you are destined to become is the person YOU DECIDE to be.

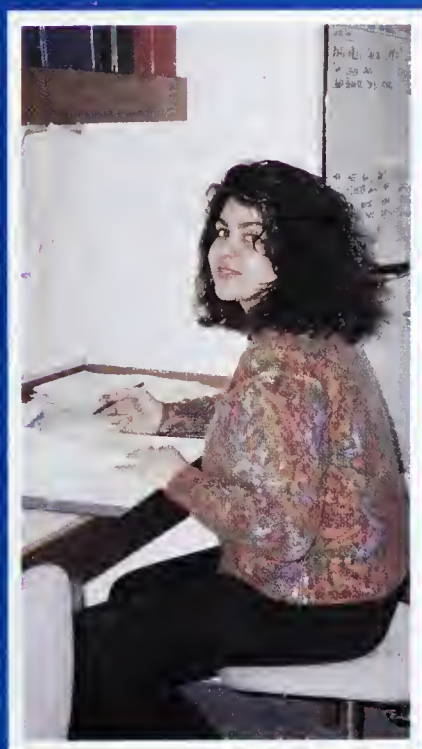

# Activities

Nurses accept the impossible, do without the indispensable and bear the intolerable.

# Frosh Week

# Nursing '91...

# Calling The Shots

May your workweek  
be smooth until Friday  
May coffee breaks be long  
May your lunch hour prolong,  
And your money hold out  
Until payday.

May your weekends be great times  
to party and play  
May the sun always shine  
May the nights be just fine  
And may you completely recover by  
Monday.

# CUNSA

This year was an exciting, revolutionary year for CUNSA (the Canadian Universities Nursing Students Association - CNSA, the Canadian Nursing Student Association, and we believe that U of T played an instrumental role in making this happen. With the diploma inclusion our own numbers will be growing and we will have a more diverse representation. Inevitably, CNSA will accomplish much for nursing students. We believe that CNSA will promote a positive, professional image of nursing at all levels. Best of luck in the future.

The Faculty is honoured to have distinguished students such as cousin It . . .

The tension mounts . . . "I've got my doughnut, but I have to figure out how to use the coffee machine before anyone notices I'm not in this class".

## Nurses at Work and Play

"Correct if I'm wrong, but is this where I feel for the apical pulse?"

"Oh, Geez! I have a piece of apple skin stuck in my front teeth."

# Poems

## I WANTED TO TELL YOU

I wanted to tell you  
How special you are  
And how very much you mean to me.  
But sometimes our pride  
And our little hang-ups  
Just simply will not let that be.

So I've found I must settle  
To write here, instead  
But maybe it's better this way,  
For maybe in future  
You'll chance to read this  
And appreciate what I couldn't say.

I wanted to tell you  
That I may forget  
your name or your smile or your face,  
But I know that within me  
you have touched my heart  
And I'll keep you in that special place.

An edge on my outlook  
Was formed by your views.  
You taught me a new way to see  
And that I consider  
The greatest of gifts . . .  
And that you have given to me.

I'm not going to sign this  
Because I believe  
This could have been written by you,  
I think that each one of us  
Shares in this poem  
And feels the same way as I do.

I wanted to tell you  
How special you are  
To be certain that each of you knew  
That despite all the trials  
And the hardships and such,  
I really do love all of you.

(to the class of 9T2)

## ON THIS DAY

mind a quarrel  
search out a forgotten friend  
dismiss a suspicion and replace it with trust  
encourage a youth who has lost faith  
keep a promise  
forget an old grudge  
examine your demands on others and vow to  
    reduce them  
fight for a principle  
express your gratitude  
overcome an old fear  
take two minutes to appreciate the beauty of  
    nature  
tell someone you love them

(submitted by Julie Dearing)

## Laughing Song

When the green woods laugh with the voice of  
joy  
And the dimpling stream runs laughing by,  
When the air does laugh with our merry wit  
And the green hill laughs with the noise of it  
When the meadows laugh with lively green  
And the grasshopper laughs in the merry  
scene,  
When Mary and Susan and Emily,  
With their sweet round mouths sing Ha, Ha, Ha.  
When the painted birds laugh in the shade  
Where our table with cherries and nuts is  
spread  
Come live & be merry and join with me,  
To sing the sweet chorus of Ha, Ha, Ha.

William Blake

# Faculty

It takes more than knowledge, skill and experience to be a perfect nurse. It takes patience.

# Message from the Dean

1992 looks like a tough year to be graduating as a nurse. This profession which is supposed to guarantee jobs has been caught in the turmoil created by a restructuring of the health care system. The words downsizing and rationalizing have become familiar ones to describe the changes that are taking place. The fact that the government has decided that 33% of the provincial budget is enough to spend on health care and that there is duplication and waste in the system is little comfort when you are about to graduate and need a job.

However, there is a rainbow out there, even if it is not visible at the moment. You are prepared for the type of health care system we are moving to. You know how to function in the community, how to teach patients to care for themselves so they can be discharged from hospital earlier, how to develop health promotion programs to help communities stay healthy, how to evaluate research findings for their value relative to particular problems and what nursing has to contribute to multidisciplinary teams. The short term may look pretty stormy on the job market, but your preparation and ability will pay off. Systems do not restructure forever, in fact they are usually done fairly quickly, and when the dust settles, you are the nurses who will be sought out for your ability to contribute to the new system.

Meanwhile take some risks, go where the jobs are, learn as much as you can about different places, ways of doing things, cultures and systems. Meet the leaders of nursing in other places. Go back to school so when the system is ready for you, you will have even better credentials to bring to it. But most of all, believe in yourselves. You are the best there is. I know it and I'm not biased at all!

Dorothy Pringle  
Dean

# From the Chairperson

I am pleased and proud to congratulate the Class of 1992 on your graduation with your B.Sc.N. degree.

In the program each of you have had unique experiences, unique learnings and have developed unique strengths that you are taking with you. Some of you have already been making an impact on the world of Nursing through your clinical experiences and your roles in the Nursing Undergraduate Society, Registered Nurses Association of Ontario and the Canadian Nursing Students Association as well as at Nursing conferences.

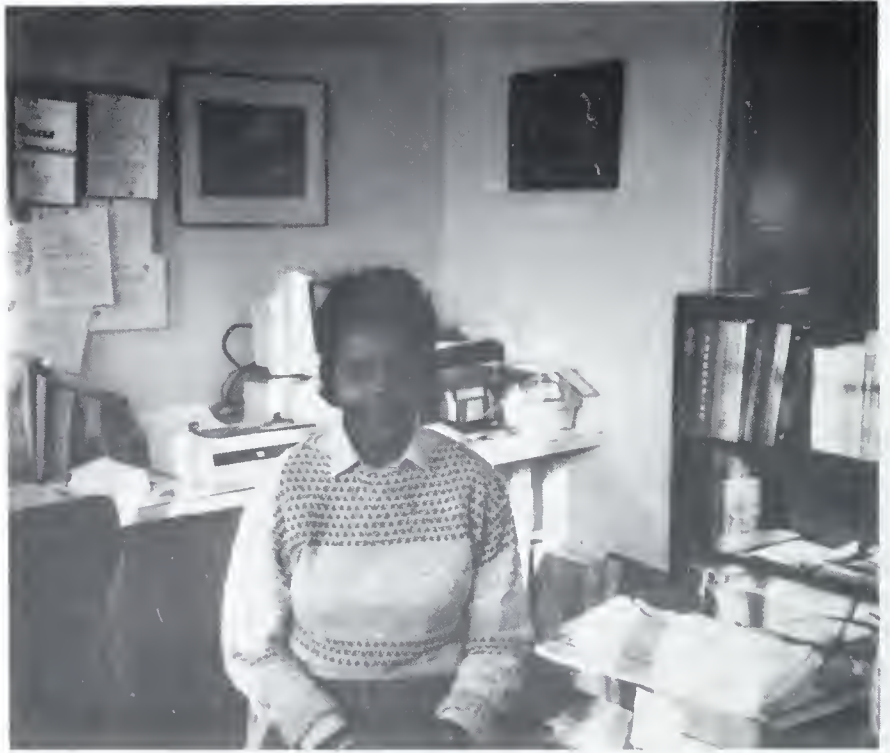

You are well aware that the Health Care System is in a time of turmoil; but it is also a time of immense opportunity for Nursing. Great wisdom is needed in the months and years ahead. My hope is that you will use the same unique learning, survival and problem solving skills you have developed so well in the undergraduate program to move forward and to contribute to the development of Nursing wherever you are and in however small a way it may seem.

On behalf of all the undergraduate faculty members, I wish you well as you move now into your professional careers.

L. Joan Briley  
Chair, Undergraduate Program

# Graduates

Cyril once observed that the only reason for writing was to create a masterpiece. But if you haven't got it in you to make a great work of art there is another option – you can become one.

– SIR HYMEN KAPLANSKY

JACQUI ANDREW

We finally made it!! Many thanks to my family and friends I made over the past four years. Lots of luck to everyone and I hope we can all find a job!

DONNA ANIOL

Thanks "girls" for helping me these past 4 years! To mom and dad for support and Doc for 3 years of . . . studying? Sis for all your smiles and Michael for all your love and good-times! It is God that girdeth me with strength, and maketh my way perfect. Psalm 18:32.

CYNTHIA VICTA BANTAD

2 roads diverged in a wood & I took the 1 less travelled by & that has made all the difference. RF I made it! I got my BScN degree! Thanx mom and dad AB & D 4 your love & support. Special thanks 2 JL 4 putting up with me. 143. UofT-2 good friends - VZ LJ & JO, good Xs-RPM, UTPCSA, HH, Bunny & great beers - lime-loggers. Cheers!

TANIA BARKIW

Special Thanks to my family and friends; especially MD (my optimistic alter ego) and BRP (my computer connection and #1 scammer), who all gave me the encouragement. I needed to keep going! I hope I make you all proud!

MARTA BERNARDYN

"Life's battles don't always go to the stronger or faster man, But sooner or later the man who wins is the man who thinks he can."

MARIA BIANCHI

The future is what we make of it. Best of luck!

JANET BULL

After four long years of nail biting and anxiety attacks, I've finally done it. I thank my friends and family for helping me through. Upon graduation I resolve to grow long luscious nails, and learn to enjoy sitting still.

SHAWNA CARPINO

I did it and I survived! But, it was worth it!! Now, on to bigger and better things!!!

CAROLINE COATES

I can't believe four long years of hell are finally over. Here's to Club Med Nursing!!

SANRA EASSON

Leaves are falling all around  
Time I was on my way  
But still I'm much obliged  
Such a pleasant stay  
But now it's time for me to go  
. . . It's time to ramble on.  
Jimmy Page & Robert Plant,  
1969

MARIETA EMIDIO

I think I can . . . I think I  
can . . . I knew I could! Thanks  
to my family, friends and  
Michael for helping me to  
endure the ups and downs of  
the past four years.

MELISSA FONG

It's finally over yet it's only  
beginning. To the future we  
must look, for these will we  
find Nirvana. Thanx to my  
friends and family for your  
support. It means the world to  
me.

LEANNE GINTY

Man does not cease to play  
because he grows old,  
Man grows old because he  
ceases to play.

GB Shaw

Here's to staying young &  
spunky; my way of coping.  
Thanks mom & dad & espe-  
cially Sue B'Goo, my sister &  
my best friend.

JOAN HARPER

Rome wasn't built in a day  
and neither was this degree!  
Good luck and best wishes to  
all my classmates!!

DEBBIE JEFFERY

Thank you to those people  
who supported and encour-  
aged me through these past  
four years - especially my  
parents, Maria and Neil. I  
could not have accom-  
plished my goal without you.

LIANNE JEFFS

And so my friends the lesson  
to be learned from our tragic  
struggle is the lesson of unity.  
We shall unite or we shall be  
defeated. Our will - the will of  
the disinherited, the forgotten  
the oppressed - shall weld us  
into a solid balwork, with a  
common faith, with a  
common goal.

Ann Rand

MALA KHERA

"Thank God it's over!"

BLYTHE MARIANO

After four years of hard work, the realization of a dream has finally come. This is not the end, however, but a new beginning. Thank you to all those who have helped me through university. MB, LL, JS & EV: friends forever.

ANDREA MASSENA

"It's never over 'til it's over." (Y. Berra) I think it's finally over (for now). All my love and thanks to my family and friends who supported me through these past years. All that hard work has paid off. It's true - you really don't get something for nothing!

APRIL McALLISTER

It's finally over . . . With great thanks to my family and friends, I couldn't have done it without you.

MARIA MORAIS

Many thanks to those who have helped me get through these four years. Special thanks to my parents for their support and to Debbie and Jacqui who made clinical bearable. Good luck finding a job!

MARY NELSON

Four years of Nursing taught me one thing . . . If its too late to worry about it, then don't. Famous last words . . . Just relax and yes, Janet did make my lunch.

LISA NESBITT

Hold fast to dreams  
For if dreams die  
Life is a broken-winged bird  
That cannot fly  
Hold fast to dreams  
For when dreams go  
Life is a barren field  
Frozen with snow.  
- Langston Hughes  
Best of luck to the class of 9T2!

TANYA RABINDRANATH

I can't Believe it's finally over! Today marks the first day of the rest of my life - I can't wait to geet it started! Good luck to the rest of the graduating class of 1992!

ANA SILVA

I've certainly learned how to survive in a high stress environment. Now I must learn something practical in order to practice!

Thanks to my friends and family for supporting me through the most challenging four years of my life. The best is yet to come . . . I hope!

ANDREA SMITH

The last four years has been filled with hard work and numerous social functions. Thanks to all those who made my university education challenging and very entertaining. Good Luck!

BETH SWEENEY

Thank-you to all the "chickens" who helped me live out my motto: WE'RE HERE FOR A GOOD TIME, NOT A LONG TIME, SO HAVE A GOOD TIME, THE SUN CAN'T SHINE EVERYDAY! Let's keep in touch FOREVER!

ALENKA VALE

One day I'll find an Umpah-pah land where trees are planted in straight rows. Until then, I plan to open a Phenomenological Interior Decorating Clinic to help nursing theorists say "no to circles". A big 10-Q to Joan, Mary, Tan and my Polka Machine for the good times!

SUSAN WHITE

Blessed are those who refuse to take life too seriously.

JULIE WONG

All these places had their moments  
With lovers and friends I still can recall.  
Some are dead and some are living.  
In my life I've loved them all.

# Student Nurses – What Would You Do If...

1. On your med-surg. floor, you are caring for a patient on an intravenous. You enter the room to check the IV tubing and discover a huge bolus of air in the tubing. Would you:
  - a. watch the bolus as it slowly passes into the vein
  - b. cut out the piece of tubing containing the bolus
  - c. stop the IV
  - d. run frantically out of the room as your patient implodes
2. Your patient on L&D is in her 52nd hour of labour. She begins to get hostile towards her partner. What do you do?
  - a. run to the clean supply room to restock her supply of pillows to throw
  - b. encourage both to relax and talk quietly about their concerns
  - c. suggest items of verbal abuse
  - d. provide a lethal dose of morphine to her partner
3. You are sitting in the lounge with your latest psychiatric patient and he confides in you that he is really Jon Bon Jovi. You:
  - a. ask him for concert tickets
  - b. demonstrate your technique on electric guitar
  - c. get all the patients together for a jam session
  - d. sit quietly and listen to patient
4. You have a patient of the opposite sex touch you in a way you feel is not appropriate. You:
  - a. tell the patient that it makes you feel uncomfortable
  - b. thank the patient for the experience
  - c. run crying to your clinical teacher
  - d. stab patient with your bandage scissors
5. You have a 14 yr. old male patient who you discover is conducting a gambling operation from his bed. You:
  - a. place your bet
  - b. call the police
  - c. explain rules & regulations of hospital to patient
  - d. demand a cut of the profits or you'll have him busted
6. Your patient on L&D has just delivered her baby on the bathroom floor. Your priority is:
  - a. start discharge planning
  - b. go to lunch with Roseanne
  - c. stabilize mom & baby until assistance arrives
  - d. hook mom up to fetal monitor

7. Your diabetic patient has developed severe gangrene of the foot. The next day his toe falls off. You:
  - a. Krazy-glue it back on
  - b. have the doctor assess his condition
  - c. save it for your collection
  - d. hide it from your clinical teacher
8. Your psychiatric patient refuses to talk to you. What interventions would you attempt?
  - a. put him in restraints
  - b. ignore him and watch Days of Our Lives on the lounge TV
  - c. continue trying to establish a therapeutic relationship
  - d. teach him sign language
9. You are caring for a chronic complainer. There aren't enough minutes in the day to fetch everything this patient wants. What would you do?
  - a. wire the bed controls so he/she becomes totally tangled
  - b. put the meal tray just out of reach so he/she goes hungry
  - c. leave him/her sitting on a refrigerated bedpan for a few hours
  - d. explain that you are doing your best but have other patients too

#### Scoring

For each question 1–9, it should be obvious what the correct answers are. But for the wicked and twisted minds of student nurses, sorry, these answers don't count for points on this quiz.

Answer guide:	1. a-2, b-1, d-3	6. a-2, b-3, d-1
	2. a-1, c-2, d-3	7. a-3, c-2, d-1
	3. a-3, b-1, c-2	8. a-1, b-3, d-2
	4. b-2, c-1, d-3	9. a-2, b-1, c-3

0–9: You must be extremely stressed out, and are in desperate need of learning some techniques of getting back at patients. Try to watch a movie like Nightmare on Elm street for some ideas.

10–21 points: This is somewhat better than above, but it seems like you may be at a stagnant stage. Live it up a little, get your creative juices flowing and teach those patients who's the boss!

22–27 points: Wow! You're on the right track! Have you been practicing lately? (Either that or you're in desperate need of help, like most nursing students!)

nurses.**

**OUR LADY OF THE LAKE REGIONAL MEDICAL CENTER** is Baton Rouge's largest and finest private acute care facility. We are located in the capital city of Louisiana which is large enough to afford cultural opportunities and numerous recreational facilities, and small enough to be characterized by its friendliness and "Southern hospitality" to newcomers. Baton Rouge is very close to the beautiful antebellum homes of the Old South, and also boasts a strong International Port and close affiliation with the oil and gas industry. Baton Rouge has a metropolitan population of 400,000 and two major universities. We're just one hour from New Orleans and Mardi Gras and two hours from Gulf Coast beaches.

Our Lady of the Lake is a 700+ bed hospital whose present facilities are very new and modern. Nurses can enjoy very special opportunities for professionals who expect the very latest in nursing and medical technology as well as a progressive atmosphere. We offer positions in multiple specialties: Ambulatory Services, Cardiology, Chemical Dependency, Critical Care, Emergency, Geriatrics, Home Health, Hyperbarics, Med/Surg, Oncology, Ortho/Neuro, Pediatrics, Perioperative Services, Psychiatric Center, Rehabilitation, and Women's Health.

We offer an excellent salary and benefits package which includes interviewing and relocation assistance, competitive salary, paid holidays, sick leave and vacation, paid medical and life insurance, free parking, on-site fitness center, credit union and retirement plan. If you are interested in joining our team, please call or send resume with salary history to:

# A COMPLETE TOUR OF FAIRBANKS, ALASKA FOR 29 CENTS.

Check out the following opportunity, and send your resume to Fairbanks Memorial Hospital. We'll say thank you with a video tour of the Last Frontier.

Experience the natural beauty and charm of the unexpectedly modern community of Fairbanks. And learn more about Fairbanks Memorial, a 169-bed community hospital serving the immense Golden Heart region of Alaska. In less than half-an-hour, you'll see why Fairbanks, Alaska, brings out the best in everyone. It's a once-in-a-lifetime experience, just like these rewarding RN opportunities at Fairbanks Memorial Hospital.

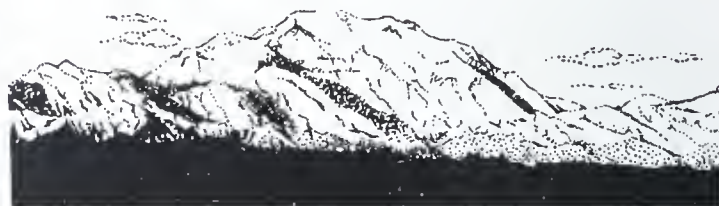

## OPERATING ROOM NURSES

We offer professional challenge, backed by competitive salaries and benefits including negotiable relocation assistance, no state income taxes, shared governance model, and established clinical ladder. We require a minimum of one year experience, graduation from an accredited school of nursing, and current licensure in the State of Alaska. However, new graduates are welcome to join our new residency program which is available in other areas.

For a free video and more details about opportunities with Fairbanks Memorial Hospital, call Jan Buist for our free video cassette at 1-800-528-4915. You may also send or FAX your resume to: Fairbanks Memorial Hospital, Human Resources, Attn.: Jan Buist, 1650 Cowles Street, Fairbanks, AK 99701. FAX: (907) 452-5776. Part of The Lutheran Health System. EOE.

## What do Nurses ... Beaches...and Mexico... have in common?

Rio Grande Regional Hospital in McAllen, Texas. Decide on Regional and you'll be living and working in the warm semi-tropical climate of deep South Texas.

Spend your leisure time on the sunny, sandy beaches of South Padre Island or enjoy the enchantment of Mexico. The choice is yours.

Our area's population is well over 300,000 people and we have no state or local income tax. You'll enjoy a cost of living far below the national average.

Acknowledged for our open heart surgery and personalized patient care, Rio Grande Regional Hospital leads the community with a sophisticated 220 bed acute care facility.

As a full time member of our Regional family you can expect:

- Competitive salaries based on experience
- Health, life, dental and disability insurance
- Generous sign on bonuses
- Relocation allowance
- Special package for graduate nurses
- Employer paid retirement and profit-sharing programs

### Seasonal Program

- Experienced RN's can select
- 3-6 month contracts - \$24.00/hour
- Airfare/mileage assistance - Free housing.

For all the exciting details call Lollene Kumpe at 1-800-346-1970

101 E. Ridge Rd. McAllen, TX 78503, EEO Employer, M/F

# Nursing For All The Right Reasons

*Regardless of how quickly medical technology advances, the essential element of successful nursing is your innate capacity for caring.*

The Ontario Cancer Institute/Princess Margaret Hospital is the largest centre for cancer treatment, research and education in Canada. As an Oncology Nurse at Princess Margaret Hospital, you can have a profound impact on the well being of cancer patients. Your expertise will become an integral part of a multi-disciplinary group of healthcare professionals who provide comprehensive acute care and psycho-social support.

This is a position that demands the utmost in dedication, cooperation and teamwork. But while the expectations are high, so too are the rewards. Affiliated with the University of Toronto, The Princess Margaret Hospital offers specialized education programs that allow you to focus your talents in the specialty of Oncology Nursing. The Princess Margaret Hospital is an excellent choice for dynamic and energetic Nursing graduates.

Join our team for all the right reasons. For more information, call us at (416) 926-4646. Or, send your resume, in confidence, to: **Human Resources Department, Ontario Cancer Institute/Princess Margaret Hospital, 500 Sherbourne Street, Toronto, Ontario M4X 1K9.**

# **FERRING**

### **FOREMOST IN PEPTIDES**

Ferring specializes in the research, development and distribution of peptide medicines. In 1961, Ferring was one of the first pharmaceutical companies in the world to synthesize the pituitary hormones, vasopressin and oxytocin, on a industrial scale.

Ferring products are marketed world-wide. The company's first peptide introduced to Canada was DDAVP\*, distributed under licence. In June 1989, DDAVP was approved for nocturnal enuresis and a new spray delivery form was introduced.

Ferring Inc. was established in 1986 and is the Canadian affiliate of Ferring AB, Sweden. We are pleased that we now serve the Canadian market directly from our facilities in Willowdale.

We can be contacted by calling 1-800-263-4057

## Congratulations to all the Nursing Graduates!

PARTICIPATION, PROFESSIONAL DEVELOPMENT  
AND RECOGNITION . . .

. . . are fundamental to our view of our Nursing staff at the Orthopaedic and Arthritic Hospital. We take pride in our team oriented, progressive clinical environment where you can develop your primary nursing skills in a surgical setting dealing with the treatment of sports injuries, joint replacement and reconstructive surgery.

### WE PROVIDE:

A multi-disciplinary team to give you an avenue for participation, continuing education opportunities, and Orthopaedic & Rheumatology workshops to enhance your professional development and Nursing clinical ladders to recognize your accomplishments.

We welcome all graduate nurses. If you enjoy a progressive setting and an Orthopaedic focus, you should be working at the Orthopaedic & Arthritic Hospital.

At The Wellesley, we believe in the spirit and practice of teamwork. Join us.

Send your resume to Human Resources Department,  
The Wellesley Hospital, 160 Wellesley Street East,  
Toronto, Ontario, M4Y 1J3.

**THE WELLESLEY HOSPITAL**

## **SAINT ELIZABETH VISITING NURSES' ASSOCIATION OF ONTARIO (SEVNA)**

As a provider of visiting nurse services to individuals and families in the community for eighty-four (84) years, SEVNA is committed to provide a range of health and social services, that contribute to the quality of life for the client and family. Special needs of the elderly and those with physical disabilities are recognized. SEVNA also provides services to clients of any age or type of disability.

SEVNA employs a staff of over 300 nurses (RNs and RNAs), who have experience in providing quality nursing services to individuals in their homes in the Regions of Peel, Durham and Metropolitan Toronto. This includes comprehensive health assessment, care management, teaching, health promotion and assistance with specific health problems. Cultural and linguistic diversity is recognized in the delivery of services.

**Hours of Service:** 7 days/week - 24 hours/day
